

Art Curriculum

Curriculum Statement of Intent				
Faith	Core	Knowledge and Skills	Enriching Experiences	Physical, Social & Emotional Health
Our curriculum is underpinned by Christian values. Our children will have a good understanding of the Christian faith and the faiths of others and will feel informed enough to follow their own beliefs.	Our curriculum ensures every child has a strong command of reading, writing and maths, as a vital foundation for their learning across the whole curriculum, preparing them for the wide world.	Our knowledge rich curriculum, based on the National Curriculum, is planned sequentially and for the acquisition and mastery of skills.	Our curriculum provides enriching experiences that will introduce our children to life beyond our village context.	Our school curriculum facilitates the development of the whole child equipping them with the characteristics, skills and qualities they will need to thrive now and in the future.

Art Curriculum Statement
<ul style="list-style-type: none"> As a school, we believe that art is a vital and integral part of children's education. It provides them with opportunities to develop a range of ways in which they can share and express their individual creativity, whilst learning about and making links with a wide spectrum of different types of art in our society. Art contributes to children's personal development in creativity, independence, judgement and self-reflection. Moreover, it enables pupils to develop a natural sense of wonder and curiosity about the world around them and therefore links strongly to our school values. The focus is in developing proficiency in drawing, painting, understanding colour and shade and sculpture, with the overall aim of developing a rigorous understanding, critical awareness and inspiration of art and design. The art curriculum will develop children's critical abilities and understanding of their own and others' cultural heritages through studying a diverse range of male and female artists and designers throughout history. It will give them the opportunity know how art and design both reflect and have shape our history Children will develop their understanding of the visual language of art with effective teaching and carefully thought out sequences of lessons and experiences. Understanding of the visual elements of art and design (line, tone, texture, colour, pattern, shape, 3D form) will be developed by providing an accessible and engaging curriculum which will enable children to reach their full potential. Children will have the opportunity to be engaged, inspired and challenged, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design.
